

## IANTD Technical Nitrox Diver

This Program is designed to train divers to conduct dives to depths between 30m and at the instructor's discretion up to 51m using custom blend breathing gas mixtures; and to provide greater understanding of custom blend breathing gas mixtures, a complete knowledge of the limits of any EANx mixture, and the use of EANx and oxygen for decompression.

### Pre requisites

- Aged 18 years or older.
- Certified as an Advanced EAN Diver AND IANTD Deep Diver.
- 100+ logged dives with at least 30 dives deeper than 27 metres.

### Course Details

The theory part of the course is run over three evenings, followed by three days of diving held over two weekends down at Portsea. Topics covered include:

- Operational Safety.
- Oxygen and the effects on the diver.
- The effects of drugs on diving.
- Combining theories for decompression safety.
- High Pressure Nervous Syndrome.

Successful completion allows dives to 51m with decompression stops using EAN mixtures from 21% - 100% O<sub>2</sub>.

Cost **\$995.00** per student and includes:

- IANTD Technical Nitrox Diver Manual
- All Air Fills.
- 2 Shore Dives.
- 4 Boat Dives (up to 51 metres)
- IANTD Technical Nitrox certification.
