Join DiveLine on this unforgettable trip to dive both the wrecks of Truk Lagoon AND the reefs of Pohnpei in Micronesia! In February 1944, US Forces launch Operation Hailstorm at Truk Lagoon, Japan's Pacific base during World War II. The Japanese were caught unaware and lost over 275 aircraft and 45 ships. Diving here is packed to the brim with plane wrecks, artillery shells, torpedoes, tanks, bow & stern guns. Pohnpei, your next stop in Micronesia, is famously home to "Manta Road", a feeding channel for these magnificent Pelagics. Here you will also find stunning sea walls full of marine life, including plenty of shark activity. This is a great opportunity to make the most of these destinations on the same itinerary!
